Sir,

I have the honor to submit for the orders of Government a petition from the inhabitants of Megarvalli Tirthalli Taluk received with the Amildars Ttila No. 237 dated 11th October 1911. Megarvalli is in the heart of the Malnad and in view of the difficulties experienced by the people of that and the neighbouring villages, two public spirited Sowcars of the place named Appubhat and Ramanna Heggade have come forward with an offer to bear the cost of maintaining a Dispensary at Megarvalli for three years at Rs.600 a year, as an experimental measure on condition that if the Dispensary proved useful Government may be pleased to continue its tenure permanently at Government cost.

2. The Amildar Mr. Y. Narasinga Rao has received

from

from them an advance deposit of Rs.600/- being the estimated cost of one year's working expenses.

3. The offer seems to me one worthy of specially favourable consideration on account not only of its spontaneity and earnestness but of the obvious privations to which the inhabitants of these distant places in the remote Malnad are subjected for want of medical assistance. It is rarely that people come forward in a spirit of self help to demonstrate their needs to Government.

4. I request therefore that you will be pleased to obtain the orders of Government to open a Dispensary at Megarvalli as an experimental measure for three years as prayed for in the application under reference.

I have the honor to be,

D.O. No. 24. Shimoga 6th March 12.

My dear Sir,

I wrote to you on the 23rd November last (D.O.No.21) intimating that in view of the acute need for medical aid in the interior of the Thirthalli Taluk Messers. Appubhat and Ramanna Heggade of Megaravalli had petitioned for the establishment of a Dispensary at Megaravalli, Thirthalli Taluk and had offered to bear the expenses of such an institution for 3 years at Rs. 600/- a year and had deposited Rs. 600 in advance, for the working expenses of the first year. Convinced that so much earnestness betokened a real need and that such public spirited self-help should be encouraged by recognition I made a formal recommendation to Government in my letter No.131/72 dated 23rd November 1911. I hoped that the in-

To

General and Revenue Departments.

Sir,

With reference to your No. 6896 Med. & Sa. 1111-4 dated 23rd March 1912 regarding the proposed Dispensary at Megaravalli, I have the honor to state that the estimate of Rs. 720/- for all charges other than the pay of the Sub-Assisstant Surgeon and the cost of European medicines and instruments is too heavy. In arriving at my estimate of Rs. 600/- I had the Anantapur Dispensary as my model, but even taking into consideration the rates allowed for other and more important Malnad Dispensaries the estimate of Rs. 720/- appears excessive.

(2). The subjoined table will render my meaning

clear

clear.

Particulars.	Assumed by Government for Magarvalli.	Proposed by me.
1. Charge allowance to Sub-Assistant Surgeon.	20.	20.	20.
2. Pay of Compounder.	8.	12.	8.
3. Sweeper-cooly.	6.	7.	6.
4. Waterman.	2.	4.	2.
5. Contingencies.	5.	5.	5.
6. Dieting charges.	5.	5.	Unnecessary.
7. Country medicine	5.	5.	5.
8. House rent.	3.	0.	Unnecessary
Total.	54.	58.	46.

As regards the pay of the Compounder a provision of Rs.12/ per month would seem to be unnecessary for Megaravalli when it is seen that the Compounders at Kumsi and Shikaripur which are more important and at Kallurkatte which is not less Malnad than Megaravalli are only paid Rs. 8 per month. The pay of the sweeper in all Dispensaries in the District Malnad

as well as Maidan is Rs.6/ except at Thirthalli where it is Rs. 7/- and I do not think that we need provide a higher rate than Rs. 6/ for Megaravalli. Similarly the pay of the waterman for this District is 2 Rs/ except at Sorab where it is 1 rupee higher and it would unnecessary to provide higher pay for Megaravalli than for Thirthalli. It is unnecessary to provide dieting charges in Megaravalli where the very few inpatients who may be expected at all will surely receive the hospitality of the public spirited Sowcars who keep open houses and from whom the proposal itself has originated. As for the house-rent a reference to the petition under disposal which is in the file will show that Messers Appubhat and Ramanna Heggade have clearly undertaken to provide accomodation both for Dispensary and for Sub-Assistant Surgeon. It will be seen that my estimate formed on a study of local cirumstances comes to only Rs.46/ per month or Rs. 4/ less than what has been tendered.

(3). It is only to be hoped that the Medical Officer to be sent to Megaravalli will not come in expectation of finding other than Malnad houses in the Malnad

Malnad or look to be better housed than the Sowcars themselves. A repetition at Megaravalli of the situation at Nyamti where a young Sub-Assistant Surgeon of pugilistic tendencies who evidently thinks more of himself than of his duty is practically at daggers drawn with the inhabitants, would be fatal to success of the proposed Dispensary. I would propose the transfer to Megaravalli of the Sub-Assistant Surgeon now at Thirthalli, Sub-Assistant Surgeon Ponnasamy Pille of Mysore Weaver's line Dispensary, Sub-Assistant Surgeon Narasimha Iyengar of Challekere or Sub-Assistant Surgeon Ambu Pille now in the Victoria Hospital. I dare say the Senior Surgeon can think of other excellent officers of that kind. Special men would be required for Megaravalli not only to ensure the success of the public spirited endeavour of the Sowcars to bring Western medicine within reach of suffering Malnadies, but to overcome the fatalistic Malnad creed that "Chowdies" are responsible for all human ills.

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Commissioner,

Shimoga District.
